

GARDEN LAKES MANOR BOARD POLICY

Dated: June 2, 2015

These Pool and Spa Area Use Rules have been established and designed for the Garden Lakes Manor (GLM) Community and approved by the Board of Directors per the Bylaws, Article IV, Section 9(d). The cooperation and consideration of all residents and guests is required and greatly appreciated to allow for the harmonious use of this family oriented community facility. The pool and spa area is to be used by residents and guest of residents who are homeowners or renters in the Garden Lakes Manor Community. Gate key fobs are issued to homeowners who are current with their assessments and have no outstanding fines or fees and are in good standing with the GLM Home Owners Association (HOA). **Privileges will be suspended if a homeowner has any outstanding assessments, fees or fines due past 30 days until their account is brought current. If your key fob does not work, contact the Management Company to see if your privileges have been suspended.**

Please adhere to these rules while on the pool and spa grounds. If a violation is reported or observed, the violation can result in the violator being asked to leave the pool and spa area and the revocation of pool and spa privileges. The Garden Lakes Manor HOA Board shall review any serious violation and may revoke a violator's use of the facility for a 30 day period with a majority vote of the board present at the hearing. This suspension shall be accomplished by the shutting off of the fob that the violator utilized for pool entry. Each homeowner is responsible for the conduct of any person using their assigned pool key fob. A violation may also result in police notification and criminal prosecution.
