

Driveways - Driveways shall not be expanded without prior written approval of the Architectural Committee. Driveways may not be expanded more than 3 feet on each side with concrete. Walkways bordering the sides of driveways and the surface of driveways themselves, may be expanded by hardscape (flagstone, pavers etc.) to no more than 5 ft. on each side. The color, nature & size of the material must be submitted with the Architectural Request Form. The color of such material shall be muted earth tones that complement the color of the house.

All driveways must be kept clean and clear of debris, oil, rust, and other stains. The Wild Tree Rules & Regulations specifically limit the number of driveway parking spaces to no more than the number of garage doors per residence.
